Stroke Fellow – John Hunter Hospital – 2017-18

Applications are invited for the position of Stroke Fellow working with the acute stroke team, John Hunter Hospital. This position will provide extensive experience in inpatient, outpatient and telehealth clinical service delivery, including assessment and selection for acute therapies and referral to interventional neurology services, and use of advanced imaging (CT perfusion and angiography and MR perfusion) in patient selection. There will also be significant opportunity for involvement in acute stroke research and clinical trials, in one of the leading stroke research centres nationally. The position would be suitable for accredited elective/non-core training in neurology, or in general medicine.

Closing date 30 July 2017

Full position details: <https://nswjmo.erecruit.com.au/ViewPosition.aspx?Id=14940&jbc=ere>

For further information, please contact Prof Neil Spratt, acting Director of Acute Stroke Services email: Neil.Spratt@hnehealth.nsw.gov.au Ph: 02 49855593

Postdoctoral Research Fellow, School of Health Sciences, Faculty of Health and Medicine.

Under the mentorship and direction of A/Prof English, and in collaboration with members of the Translational Neuroscience and Mental Health Priority Research Centre, this position will involve working on key strategic projects in the area of recovery of mobility, physical activity and

fitness in people after stroke, as well as effective rehabilitation across the spectrum of hospital care to long term stroke survivorship.
